

Information Bulletin

Specialist Environmental Services in Dubai, U.A.E. (January 2010)

Proponents of major projects or owners of industrial and commercial premises may require the service of environmental consultants, engineers or laboratories to carry out certain specialist works that are required by the Environment Department in applying the requirements of "Local Order No. 61 of 1991 on the Environmental Protection Regulations in the Emirate of Dubai.

Under the Environment Department of Dubai Municipality, the Environmental Planning and Studies Section (EPSS) has prepared a short list of companies that are licensed to provide professional services in the field of environmental engineering, ecological studies and sustainable development. The services may include environmental planning, the design & construction of waste treatment or pollution control systems, waste management system, environmental site assessment, environmental compliance audits, monitoring of discharges, numerical modeling, risk assessment and related studies, and most specially, in undertaking Environmental Impact Assessment.

The following list is produced based on the current record at EPSS. It is not exhaustive. It is dynamic and will be updated on a yearly basis or as required. It is aimed primarily at assisting the project proponents or owner of industrial premises who may wish to engage specialist service in complying with the environmental regulations of the Emirate of Dubai.

Let it be known to all parties that there is no implied recommendation or restriction to any of the companies on this list or against other licensed companies not on this list to carry out specialist services. However, EPSS regularly update this list to reflect the latest performance related to their respective fields of expertise. Project owners seeking specialist services should also consult the yellow pages, the web or other sources of information.

The list of companies offering services on environmental engineering and relevant specialist studies is given in Table 2; the list of accredited testing laboratories is in Table 3.

Table 1 - Description and Scope of Environmental Services

Code	Description of Environmental Services
A	Environmental Impact Statement (EIA); general report with detailed environmental baseline data of the study area; prediction of the likely impacts; impact assessment matrix; quantitative account of impacts; and outline of proactive mitigation measures or EMP as may be necessary.
B	Land contamination investigation and solutions; Environmental Site Assessment (ESA); Due diligence survey; environmental status account of the subject area
C	Waste management studies and solutions; Waste Audits
D	Wastewater treatment plant design, supply, construction and commissioning
E	Air quality studies and modeling; Noise and air emissions monitoring
F	Air Pollution Control system design, supply, installation and commissioning
G	Marine & estuarine ecology studies, modeling and coastal management studies and solutions
H	Soil and hydro-geological (groundwater) studies
I	Safety Audit, HAZOP Studies; Hazard/Risk Assessment and solutions
J	Biodiversity Studies, Conservation; Capturing and Translocation of Indigenous Fauna
K	Environmental testing (Refer to Table 3 for the list of laboratories accredited by Dubai Accreditation Department)

Table 2 - Companies Offering Services on Environmental Works & Specialist Studies in Dubai
(in alphabetical order)

Name of Companies & Addresses		Scope of Services (refer to Table 1)											
		A	B	C	D	E	F	G	H	I	J

* Companies from numbers 12 to 24 are new entries to this list.

NOTE:

- Companies on this list must update their relevant records on an annual basis. In this respect, each must submit a report to the DM Environment Department with the following:
 - Briefs of each new relevant project commissioned in Dubai and at other places. Data also must include the cost, inclusive dates, project location, and type of service rendered.
 - Curriculum Vitae (CV) of expert staffs available in Dubai and who are residents of UAE.
 - Copy of relevant and valid License with Environmental Activities/Services as issued by the Dubai Economic Department or by other concerned Licensing Authority in the UAE.
- The Report shall be in either MSWord or PDF format in a properly labeled CD, and must be available at DM Environment Department by the 15th day of December.
- Any Company that failed to carry out any single relevant project in Dubai or in UAE or failed to secure a valid license from the Licensing Authority in UAE will be deleted from the list.
- Unlisted Specialist Company as well as listed companies that may wish for inclusion on this list on the next update must submit their company profile along with the information as mentioned in item 1 above. This information shall be submitted along with a covering letter request specifying the list of specialization (as categorized in Table 1 of this Bulletin) being requested for inclusion.
- The Environment Department reserves the right to exclude or delete anytime any company from the list or partial removal of a certain service from its scope without offering any reason.

Table 3 - List of Accredited Laboratories to ISO/ IEC 17025 and by the Dubai Accreditation Department

	Laboratory Name	Scope of Accreditation	Laboratory Full Address
1	Al Hoty Stanger Laboratories- Dubai Contact Person: <i>Mr. Tom Sherriff</i> <i>General Manager</i>	- Construction Materials Testing - Environmental Testing	Tel no.: +971 4 3472201 Fax no.: +971 4 3472727 P. O. Box 16756 Road # 08, Al Qouz Industrial Area # 03, Dubai, UAE alhoty@emirates.net.ae
2	Al Futtaim Exova Testing Services L.L.C Contact Person: <i>Mr. Terho Wilson</i> <i>Managing Director</i>	- Construction Materials Testing - Environmental Testing - Food Testing	Tel no.: +971 4 885 1001 Fax no.: +971 4 885 4004 P. O. Box 34924 Plot 598-211, Investment Park, Jebel Ali, Dubai, UAE middle.east@bodycote.com
3	Geoscience Testing Laboratory Contact Person: <i>Eng. Mary Jane Alvero</i> <i>General Manager</i>	- Construction Materials Testing - Environmental Testing - Geo-technical Investigation	Tel no.: +971 4 3477706/ 3477906 Fax no.: +971 4 3477704 P. O. Box 61670 Al Qouz Industrial Area, Dubai, UAE geosci@eim.ae
4	Material Lab Dubai Contact Person: <i>Eng. Zahid Mahmood</i> <i>Laboratory Manager</i>	- Construction Materials Testing - Environmental Testing - Geo-technical Investigation	Tel no.: +971 4 3405678 Fax no.: +971 4 3405677 P. O. Box 114717 Al Quoz Industrial Area, Dubai, UAE mld@eim.net.ae
5	Emirates Industrial Laboratory Contact Person: <i>Mr. G. Sivakrishnan</i> <i>General Manager</i>	- Environmental Testing	Tel no.: +971 4 3457480 Fax no.: +971 4 3452336 P. O. Box 6892, Inside Dubai Dry Docks, Dubai, UAE eilab@emirates.net.ae
6	Lonestar Technical Services Contact Person: <i>Syed S. Hussaini</i> <i>General Manager</i>	- Environmental Testing	Tel no.: +971 4 3243888 Fax no.: +971 4 3243682 P. O. Box 8817 Building # DY 34, Inside Dubai Ship Docking Yard , Al Jadaf , Dubai, UAE testing@lonestar-lab.com gao@lonestar-lab.com
7	EHS Environmental Laboratory-Dubai World Contact Person: <i>Mr. Senthil Kumar</i> <i>General Manager</i>	- Environmental Testing	Tel no.: +971 4 8834029 Fax no.: +971 4 8831235 P. O. Box 17000 Dubai World- Free Zone, Jebel Ali, Dubai, UAE senthil.kumar@dubaiworld.ae syedn.rizvi@dubaiworld.ae

	Laboratory Name	Scope of Accreditation	Laboratory Full Address
8	Geo-Chem Middle East Contact Person: <i>Dr. Sunilkumar</i> <i>Laboratory Manager</i>	- Environmental Testing	Tel : +971 4 8867400 Fax : +971 4 8867402 Techno Park, Jebel Ali, Dubai Sunil@geochem.ae/ laboratory@geochem.ae
9	Inspectorate International Limited Contact Person: <i>Mr. Giles Roberts</i> <i>General Manager</i> <i>Dr. P S Hariram</i> <i>Laboratory Manager</i>	- Environmental Testing - Food Testing	Tel no.: +971 4 2852666 Fax no.: +971 4 2863221 P. O. Box 49400 Rashidiya, Dubai, UAE lijo.antony@inspectorate.ae hariram@inspectorate.ae
